Si usted dispone de una cuenta COMSOL Access, identifíquese en la pestaña **Login**:

The screenshot shows the COMSOL website interface. At the top, there is a navigation menu with links for Products, Workshops, Webinars, Support, and Contact. The main heading is "COMSOL 5.0 for Windows" with the version number "Version 5.0.1.276, December 17, 2014". Below this, a message states: "Thank you for your interest in COMSOL Multiphysics. To download, log in to your COMSOL Access account below. If you don't have an account, choose Create Account. The download is available only to customers holding an on-subscription COMSOL license or an active trial." There are three buttons: "Login", "Create Account", and "Forgot your Password?". Below these are input fields for "E-mail \*" and "Password", and a checkbox for "Log in automatically next time". A "Login" button is at the bottom. On the right side, there is a blue box with the text: "Click here to download the COMSOL Client for Windows®. (log-in not required)". Below that is a blue box titled "Version 5.0" containing a list of operating systems: "Windows", "Mac OS X", "Linux 64-bit", and "Linux 32-bit". At the bottom of this box are links for "System Requirements", "Installation Guide", "COMSOL Server Manual", "Installation Videos", and "License Agreement".

En caso contrario, debe registrarse en la pestaña **Create Account**:
